Church Directory.

Following is the directory of Reno's
houses of worship:

Congregational—Virginia and Fifth
streets. Charles E. Chase, pastor.
Services every Sunday at 11 a. m.
and 7:30 p. m. Sunday Bible School
at 12:15 and Christian Endeavor at
6:30 p. m. Midweek meeting for
prayer and Bible study every Wed-
nesday at 7:30 p. m. Junior Ende-
avor Friday at 3:30 p. m. Pastor's
residence, 419 South Virginia street.
Telephone Black 122.

Trinity Episcopal Church—Corner Sec-
ond and Sierra streets. Rector, Rev.
Samuel Unsworth; residence, 119 Se-
cond street, adjoining church. Holy
communion every Sunday and all
Holy Saint's Days at 7:30 a. m.
Morning prayer and sermon every
Sunday at 10 o'clock; full surpliced
choir; Sunday school, 12:30 p. m.;
evening song and sermon at 7:30 p.
m.

Methodist Episcopal—Sierra street,
near First. Preaching every Sabbath
at 11 and 7:30. Sunday-school at
10. Epworth League services 6:30.
Prayer meeting Wednesday evening
at 7:30. J. W. Phelps, pastor. Resi-
dence 112 West street. Telephone

Baptist Church—Second and Chestnut
streets. Preaching at 11 a. m. and
7:30 p. m. Sunday B. Y. P. U. at 3
p. m. Sunday school at 12:15. Week-
day services every Wednesday. Pastor, B.
F. Hudson; residence and study,
316 West street.

FIFTY CENT COLUMN.

All classes of legitimate advertise-
ments not exceeding six lines inserted
in this column at 50 cents per week.

FOR RENT.

Three housekeeping rooms all furnish-
ed, good with new carpets, also bath
room; inquire at 509 Sixth street,
May 30th

SCHWERT'S ORCHESTRA.

The above orchestra is prepared to
furnish first-class music only for
dances, social gatherings, etc.
Address 414 Virginia street. Phone,
Red 112.

RENO SHOE BLACKING CO.
In a day of two John Hill will open
a shoe polishing stand at the foot of
the Journal office stairs. He will
also sell tobacco and cigars. ap21tf

PIANO TUNING.
W. P. Stewart, the reliable piano and
organ tuner and repairer, is receiv-
ing orders at Herz Bros.' jewelry
store. Mr. Stewart is an expert in
his line, and also sells instruments of
all grades at reasonable prices and
on easy terms. One upright at a
bargain. 16mtf.

PIANOS AND ORGANS.
Tuned and repaired by the celebrated
W. T. Sharp, piano maker and tuner
for over thirty years. Prof. Sharp
is a master mechanic and fully guar-
antees all work or no pay. Leave
orders at Brookline store. 29 1

HOW'S THIS?

We offer One Hundred Dollars Re-
ward to any case of Catarrh that can-
not be cured by Hall's Catarrh Cure.
F. J. CHENEY & Co., Prop., Toledo,
O.

We, the undersigned, have known F.
J. Cheney for the last fifteen years,
and believe him perfectly honorable
in all business transactions, and fi-
nancially able to carry out any obliga-
tion made by their firm.

West & Traux, Wholesale Druggists,
Toledo, O. WALKING, KINMAN &
MARVIN, Wholesale Druggists, O.

Hall's Catarrh Cure is taken inter-
nally acting directly upon the blood and
mucous state of the system. Prices
75 cents per bottle. Sold by all drug-
gists. Testimonials free.
Hall's Family Pills are the best.

BRUHN & MELIN

Cordial Manufacturers

MAKERS OF WILD CHERRY AND STRAWBERRY CORDIALS, RAS-

Designer and Standard patterns for
June on sale at Mrs. Petrie's.

Cottolene, ham, lard, bacon and gro-
ceries of all kinds for sale at Frank
Campbell's.

Tiger disc plows, the wonder of the
century, sold by Nevada Hardware and
Supply Company.

Syracuse chilled plows at Nevada
Hardware and Supply Company's store.
See them and you will buy no other.

Drop in at the Sacramento beer hall
some evening. You will be treated well
and probably often.

Morrill & Werner have sold six rub-
ber vehicles recently. They just re-
ceived a carload of handsome buggies
and wagons.

If you enjoy a sociable game of freeze-
out, solo or Pedro, drop in at the Snug-
gion. Messrs. Prindle and Carroll
will make you feel at home.

New spring stock just shelved at the
Golden Rule. If you want good goods
at reasonable prices patronize M. Grant
& Company.

Robert Earleton has received a dozen
or more large handsome portraits of
the champion prize fighters of all clas-
ses. Drop in at the New Palm and
look at them.

Harry Davis is recent for the Under-
wood typewriter, the best that ever
happened. He carries a complete line
of typewriter paper, ribbons and other
supplies.

Anheuser-Busch beer is the best
brew handled in Reno. Sold only by
Bryson & Cohn. Try some of the Mon-
arch's back beer before it is all gone.

Henry Riter's Elite saloon is the
place where prospectors meet to swap
tips and incidentally sample the finest
cigars and liquors in Reno.

SHUDDERS AT HIS PAST.

"I recall now with horror," says Mail
Carrier Burnett Mann, of Levanova, O.,
"my three years of suffering from Kid-
ney trouble. I was hardly ever free
from dull aches or aches pains in my
back. To stoop or lift mail sacks
made me groan. I felt tired, worn out,
about ready to give up when I began to
use Electric Bitters, but six bottles
completely cured me and made me feel
like a new man." They're unrivaled to
regulate stomach, Liver, Kidneys and
Bowels. Perfect satisfaction guaran-
teed.

MINES AND MINING IN WASHOE COUNTY.

An Interesting Article Prepared and Read
as a Thesis by Ralph

B. Stubbs.

SECOND—THE PEAVINE DIS- TRICT.

This district is about twelve miles
north of Reno, and is situated on the
Slopes of Mt. Peavine, one of the oldest
mountains in the Sierra Nevada range.
The district is probably the oldest in
the county as regards actual mining.

In his Annual Report of 1875, the
State Mineralogist mentions the Pea-
vine district for the first time and the
only claims mentioned are the "Pay-
master" and the "Golden Pledge." In
that same year a ten-stamp mill was
located and a furnace built, but the
ore—gold and silver—were evidently
of such a refractory nature that very
little could be done with them, and the
claims did not develop into bullion pro-
ducers.

Between 1880-1885 there was con-
siderable mining activity on Mt. Pea-
vine. Much capital was invested and
much work was done in the sinking
of shafts and the running of tunnels.
Most notable among the mines was the
"Eternal" claim, about two miles north
of Reno. In this mine a great amount
of work was done and much expensive
machinery was put in, but difficulties
were encountered in the way of un-
derground water and caving walls, and
the output did not come up to ex-
pectations, the mine was finally aban-
doned.

Throughout the Peavine District the
country rock is andesite, and large out-
crops of this volcanic rock cover the
surface. All of the ground in the en-
tire district is at the present time
claimed and located, and excellent re-
sults are being obtained. As work con-
tinues in these mines, and as more
money is gradually invested, the mines
on Mt. Peavine will undoubtedly be-
come valuable mineral producers.

THIRD—THE PYRAMID LAKE DISTRICT.

This district is situated about twenty
miles northeast of Reno and in-
cludes the country bordering on the
southwest shore of Pyramid Lake.
Locations were made in this district as
early as 1863, some of the claims being
the "Buckeye," the "Monarch," the
"Aubin" and the "Gambler." These lo-
cations were made mostly by Reno
men, but owing to the great distance
from any town and the high expense
of transportation at that time, work on
them gradually ceased. Although con-
tinuous prospecting has been done, no
strike of any great importance was
made until two years ago—in 1899—
when the copper mines on the Dogskin
Range were opened up. The principal
mountain of the Range, and the one in
which most of the work has been done,
is that known as Fred's Mountain.
This mountain may be divided into

two sections—first, the lower part, and
second, the upper part. The country
rock is of a schistose nature. On the
lower part of the mountain the copper
ore seems to be in one long ledge, run-
ning east and west, and may be fol-
lowed from one end of the mountain to
the other. As we go higher up on the
slope we lose this distant ledge and the
ore breaks up into "pocket" deposits.
The ore in the lower portion is a cop-
per carbonate (malachite) and above
we find both the green and the blue
carbonate (azurite) and also deposits of
the sulphide of copper
(bornite). As yet, most of the mining
and prospecting work has been done
on the lower part of the mountain, and
several tunnels have been run in on
the long vein, or ledge, before mention-
ed. Near the bottom of the slope there
is a large bed of limonite but it is too
soft and decomposed to be of any prac-
tical use.

Most of the locations on Fred's Moun-
tain have been made by Mr. Richard
Nash, Mr. William Webster and Mr.
W. W. Weeks, all of Reno, and active work
is being carried on.

This whole Dogskin Range undoubt-
edly carries an unlimited amount of
the most valuable copper ores, and as
soon as its resources are developed on
a larger scale and proper smelting
facilities can be produced in our own
country, these locations will be among
the most valuable on this western coast.

FOURTH—THE OLINGHOUSE DIS- TRICT.

This district lies about nine miles
northwest of the town of Wadsworth,
high in the heart of the Sierra Neva-
das. For many years this section of
the county was regarded merely as a
poor sort of timber-land. Very little,
if any, mineral was found until about
five years ago in March, 1897, when a
valuable strike of gold ore was made in
the western part of the canyon. Geo-
logically, the rock formations in this
district are of a comparatively simple
form, the country rock and croppings
all being a porphyritic andesite.

The mines all lie in a great porphyry
belt, which seems to run northeast and
southwest. Already three parallel
veins have been found, separated from
one another by this porphyritic ande-
site. The vein matter from nearly all
the mines is a decomposed porphyry
formation, with small crystals of quartz
scattered through it, and is in most
cases soft and moist. Throughout the
canyon the mineral has nearly all been
found on the northern side.

In the lower part of the canyon
many placer claims have been worked
and the gravel from these claims aver-
ages in value from fifteen to forty dol-
lars per ton.

(To be Continued)

THE QUAKER MED- ICAL AND SURGI- CAL DISPENSARY.

The QUAKER DOCTOR has moved his
Office to the SUNDERLAND BUILDING on
Virginia Street.

He will do all kinds of office practice. If you are sick in any way, call
and he will examine you and then prescribe what is needed in your case.
He compounds all his medicines, which is a guarantee of purity.
He has worked in the leading hospitals in this country and Europe. He
has forty years of active and continuous practice in Medicine and Surgery.
There is no better specialist in the West.
There is no need of leaving this part of the country for treatment when
you can get as good service here and in many cases much safer.
He removes tumors without pain.
Treats all kinds of Deformities and furnishes any kind of mechanical ap-
pliance.

He acknowledges no superior in treatment of Diseases of Women,
which he treats without the use of the knife—tortuous instrument or
burning caustic.
His practice is purely scientific and to the following diseases will give
special attention:

FEMALE DISEASES.

Protopus (or falling of the womb), leucorrhoea (or white), endometritis,
ulceration, fissure, displacements, cancer, tumors, polypos, congestion
and inflammation of the ovaries, abscesses, and all diseases of the repro-
ductive organs, irregularities, hysteria, melancholia, loss of nerve power,

BRAIN AND NERVOUS SYSTEM.

Epilepsy, determination of blood to the brain, paralysis, congestion,
softening of the brain and spinal cord, insomnia, neuritis, softening of the
brain, melancholia, loss of memory and all diseases of the nervous system.

THROAT AND LUNGS.

Tonsillitis, laryngitis, sore throat of all kinds, bronchitis, consumptive
catarrh, chronic pneumonia, pleuritis, asthma, etc.

HEART.

Dilatation, pericarditis, endocarditis, valvular diseases, palpitation, weak
heart and all irregularities

STOMACH.

Dyspepsia, ulceration, chronic inflammation, gastritis, indigestion, acid-
ity and catarrh.

LIVER.

Enlargement, abscess, chronic inflammation, lack of bile secretion, gal-
stones, jaundice, catarrh of the ducts, etc.

BOWELS.

All glandular diseases, paralysis of the muscular coating, appendicitis
and constipation.

KIDNEYS AND BLADDER.

Bright's Disease, diabetes, congestion and inflammation, bloody urine,
dropsy, cystitis and all diseases of the water passage.

DISEASES OF THE CLOUD AND GLANDS.

Scrophula, rheumatism, blood poisoning, skin disease, sore legs, varicose
veins and humors of the kinds.

THE EYE.

Granulation of the lids, inflammation, removes all growths and scars.

THE EAR.

Deafness of all kinds where the drum of the ear is not destroyed.

RUPTURE.

Hydrocele, varicocele cured with out use of the knife.

PILES, FISTULA, FISSURE.

Ulcers and ulceration of all kinds.

RHEUMATISM.

Acute, subacute, chronic and nervous cured.

CATARRH.

Any form cured.

SCROFULA.

Skin diseases, ulcerated sore legs, varicose veins, blood poisoning and
all diseases of the blood.

CONSULTATION FREE.

ADVERTISING RATES.
From and after this date the Journal advertising rates will be as follows for all new business. No deviation from the rate will be given.
One inch single column display per month \$3.00
Two inch single column display per month 5.00
Additional single column per month per inch 1.50
Two inch double column per month 7.50
Additional double column space per inch per month 2.50
Professional cards per month 2.50
Reading local notices per line, first insertion 10
Each subsequent insertion up to two weeks, per line .05
Over two weeks and after the first insertion, per line .03
Funeral notices and cards of thanks, per line, first insertion 10
Each subsequent insertion, per line .05
Theatrical shows of all kinds and entertainments will be charged for at the rate of \$5 for a week's advertising, including a four inch display advertisement.

TUESDAY, JUNE 4 1901
AFTER COMMENCEMENT.

The University has closed for its summer vacation and undergraduates have gone to take a rest in a change of work. The commencement season was an overflowing success, which in itself was gratifying to the faculty who have worked hard during the year.

Twenty-five received degrees, who will enter for the future in active life, to be directed largely by its fortunes and circumstances which the Journal hopes will be as pleasant as the youthful imagination will probably paint it. The Journal is informed from many sources that the work for the year, which closed with commencement has not only been good but superior to anything that has preceded it at Nevada's University. The new men have proven themselves to be masters of the art of imparting knowledge to others by making a decided success in their departments.

In the future the school of mines will have four divisions included in a regular course of four years which will be mining engineering, metallurgy, geology and chemistry. As an addition to the regular course there will be connected with it an abbreviated or short course of instruction to all prospectors by making them more efficient in that department in mining. The work of the prospectors may not be classed as a science but that does not make it any less scientific while those learned in metallurgy know. The need for such a course in Nevada entered the mind of some one or it may be the minds of more than one of the practical professors of the University and a short course was provided to meet the demand there is for it which in itself will be of more value to the State than the annual cost of the school.

It is proper to mention in connection with late work in the school that many samples of a special nature resulting from special investigation have been received since the beginning of February at the University from different parts of the State which have not only received attention but were disposed of and reported upon in each instance in not more than three days after the samples were received.

The department of mines is being carried as speedily as it is possible to do so with three distinct laboratories to facilitate and aid in the work of imparting a thorough practical knowledge of the science embraced within the course pertaining to mines. There is a hope entertained by the immediate department and by the faculty that the department of mines will be prepared in the near future to make tests on a working scale which will be an advance made in practical work not looked for by the public at this time.

Work in mechanical engineering has been increased which has furnished evidence of improvement of a high order as a result of increased work more particularly has improvement been made in mechanical drafting, which has given the best possible results.

The department of domestic science is new but it is promising well for the future. This department includes work in domestic arts, sewing, cooking etc. It is expected from work done that this department will become popular.

The work in the department of Liberal Arts has reached a high state of efficiency which description can be justly applied to work in English and in modern languages. Work in Latin will be largely increased and made more proficient in the future than it is now.

Professor Church who has been away under a leave of absence for three years will return. He will in the future have charge of Latin. The professor has been during the term of his absence in Rome engaged in making himself more learned in the language of the Romans.

A new building, which will be used

SYRUP OF FIGS

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only, in order to get the beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

CALIFORNIA FIG SYRUP CO.

LOUISVILLE, KY. NEW YORK, N. Y.
For sale by all Druggists—Price 60c per bottle.

To meet the demands there are for imparting knowledge connected with practical chemistry will be ready for use in October when the University will be relieved from embarrassment by imparting knowledge belonging to that science.

Work continues to be systematized and as a consequence of system improvement is being made in all departments which will continue to be made as means are provided by the State to meet requirements upon it to develop work in its University.

The last year was a year of hard work for the President and faculty but which there is not any question. There was earnestness connected with all departments unknown in the past and it is just to these hard working men that their fidelity to the able but not only noticed but it should be commended and appreciated by the people.

THANKS RETURNED

General O. M. Mitchell Post and the Resolution it Passed.

General O. M. Mitchell Post No. 69, U. S. A., Department of California and Nevada, held its regular monthly meeting Saturday night at its hall in the investment building.

An unusually large number were in attendance and after the usual routine business was transacted resolutions of thanks were adopted thanking President Stubbs of the University of Nevada and the faculty and the several citizens who took part in the service on Memorial Day, to the Cadet Battalion and their band for their courtesies as escort to Principal Bay and his teachers and pupils of the public schools to Mrs. J. M. Lee and the members of the choir, to the President of the day, the orator and chaplain and to General Carnahan of the Union Bank of the Knights of Pythias for his kind and generous address due to Mrs. Mary H. Barry and to the post in excellent condition.

The post in excellent condition only two members being absent on the rolls. It can turn out a mighty sight lot of boys on Memorial days.

PERSONAL MENTION

Gossip About the Migrating Public as They Come and Go.

Mr. and Mrs. Chas. Lake have returned from a visit to San Francisco.

T. F. Dunaway left for New York last night where he will consult with Morgan Bros.

Mr. and Mrs. W. R. Sharkey of Sterling spent Sunday in this city.

Miss Clara Taber of Stanford, who has been visiting Mrs. Ed. Coffin returned to her home in Elko last night.

Principal J. F. Monroe of the Dayton schools spent yesterday in Reno.

J. E. Harper is in San Francisco on a business trip.

Major Snrigger has returned to the Reservation.

M. M. Deegan of Wadsworth spent yesterday in Reno the guest of his brother, T. H. Deegan.

C. B. Bell has gone to San Francisco to purchase mining machinery.

W. T. Hays of Columbia is visiting in this city.

ARE HARD AT WORK

The Reno Wheelmen Are Making Preparations to Win the Trophy.

The Wheelmen's relay team were out in force Sunday and some very fast time was made. A few days more work on the new track will put it in first-class condition. All the riders with the exception of Keddie and Thompson are training and these two will probably be at work in a couple of days.

The prospects for a crackjack team are very bright. Efforts will be made to work the "cham" in line to help strengthen the team, but that individual is dubious as to his physical condition for such hard training as the coming races will require.

The boys train each morning at about 10 o'clock and afternoon at about 2. The general public will be welcome at the track during the training with the exception of the week previous to the race when no one but club officials will be allowed at the track.

Contracts were drawn up yesterday for the big event at Carson and the necessary arrangements completed. A handsome trophy will be purchased for the event by the Carson Carnival Committee and will be on exhibition in Reno in about ten days.

CALL AND GET THEM.

The following letters remain uncalled for in the Reno Postoffice, June 4, 1901.

4 lots in Block 20, Pine street will sell as a whole or in lots—for price call at the office. m131f

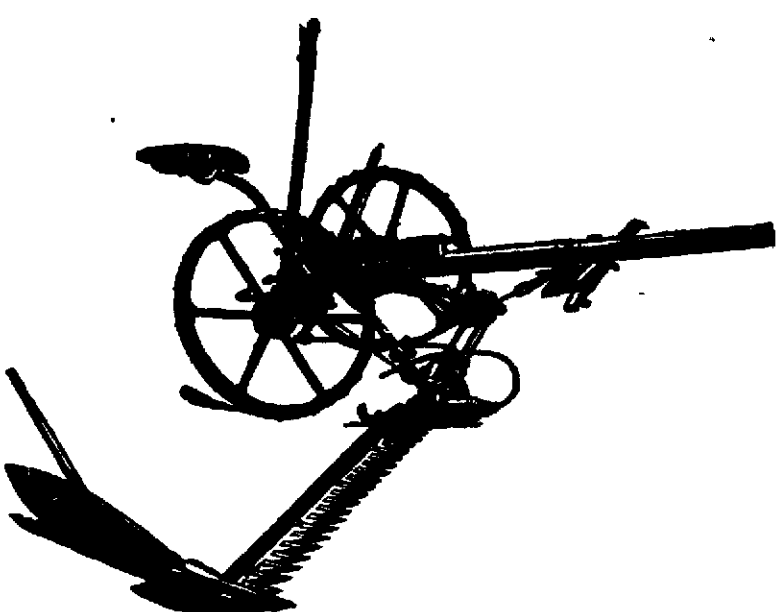

FREE OF CHARGE.
Any adult suffering from a cold settled on the breast, bronchitis, throat or long troubles of any nature, who will call at S. J. Hodgkinson, will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents.

No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only Throat and Lung Remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

DELINQUENT TAXES.
The second installment of taxes for A. D. 1901 will be delinquent on Monday June 3, 1901.

D. R. BOYD, County Treasurer.

TELEGRAPHIC

Sensational Resolutions.

Special to the JOURNAL.

DENVER, Col., June 4.—The Western Federation of Miners adopted sensational resolutions yesterday denouncing expansion and an increase of the standing army. They also say that representative government is a failure. In the preamble the resolutions say that labor will protect its rights by ballot as long as possible, but is prepared to shed blood if necessary.

Whites and Indians Arming

Special to the JOURNAL.

CHEYENNE, Wyo., June 4.—Indians and whites are arming in the Fort Washakie region and serious trouble is feared. An Indian was killed by a white man and the Arapahoes and Shoshones threaten to take the warpath.

Beef Goes Up a Notch.

Special to the JOURNAL.

CHICAGO, June 4.—The price of beef went up 3 cents per pound yesterday, and another raise is expected today. The demand exceeds the supply and the exports are very heavy.

A New Colony.

Special to the JOURNAL.

CHICAGO, June 4.—The Volunteers of America plan to start a co-operative colony of 20,000 persons in Georgia.

BE CAREFUL OF YOUR EYES.
If your eye lids become inflamed or your eyes water or burn when reading glasses Go to Golden's and have them examined free of charge. All glasses guaranteed.

B. L. Smith returned to Eureka on Saturday last after having had a consultation with President McKinley regarding his mining interests at Elv. Mr. Smith informs the News that he is not at liberty at present to give out any information as to the result of that interview, but he intimates that within a short time the plans regarding the future of these properties will be made public.
